The World's Largest Acoustic Pods Collection

We proudly introduce Modular Pods – the largest and most versatile collection of acoustic pods ever designed. Modular Pods revolutionize the office pod market by bringing the full benefits of modularity to this product category.

The groundbreaking collection includes 30 acoustic pods in 11 sizes and offers a unique market flexibility to configure wall layouts and interiors in various ways. Each pod is available in two heights: 2380 mm or 2260 mm. Our Modular Pods offer a choice of acoustic class with options for Class A and Class B sound insulation in accordance with ISO 23351-1.

Modular Pods are also the first office pod family to fully prioritize universal accessibility, ensuring every pod can accommodate users with mobility impairments.

Explore our collection of Modular Pods in this inspiring catalog—featuring various sizes and configurations, to help you find the perfect fit for any workspace.
